ABOUT ME

As an enthusiastic individual with exceptional problem-solving skills, I consider myself one of the most motivated individuals I know. I am eager to propel my career as a full-stack developer (or in similar roles) within an environment that not only challenges my existing knowledge but also fosters continuous learning. I am excited about the prospect of expanding my skill set and contributing to innovative projects.

EXPERIENCE

Ads assessor
Telus International
2021-2022

- Decided audiences for certain ads based on strict guidelines.
- Researched a wide variety of topic related to the ads.

Full-stack Developer
Veziv
March 2023 - Present

- Worked as a solo developer for various hybrid mobile apps and web pages.
- Led the entire development life cycle for various projects, encompassing pivotal tasks such as roadmap structuring, customer quoting, time estimation, and other essential elements crucial to a successful product. Consistently achieved on-time delivery for all projects.
- I gained hands-on experience with a diverse set of technologies, including Angular, React, Node.js, and Nest.js.
